DieselVest Africa

PARENT COMPANY	Diamond Diesels Investments Limited
----------------	-------------------------------------

CHIEF EXECUTIVE OFFICER	Evan Cooper
-------------------------	-------------

PURPOSE	Fuel distribution and investment platform serving the African market
---------	--

WHY WE EXIST

Africa's fuel and energy sector is one of the continent's largest and fastest-growing markets, yet access to it as an investable opportunity has traditionally been limited to a small circle of industry insiders. DieselVest Africa was founded to change that – to build a transparent, technology-driven bridge between everyday investors and the real-world movement of fuel across the continent.

Operating under the governance of Diamond Diesels Investments Limited, a UK-incorporated entity on record with Companies House since 2009, DieselVest Africa combines an internationally regulated corporate backbone with a platform purpose-built for the African market it serves. Every structural decision, from where the company is registered to who sits on its board, is a matter of public record – by design, not by obligation.
